OFFICE OF PETITIONS

In re Application of

Mohapatra et al.

Application No. 10/655,873 : LETTER REGARDING

Filed: September 5, 2003 : PATENT TERM ADJUSTMENT

Atty Docket No. USF.182XC1 :

This is a decision on the "COMMUNICATION REGARDING PATENT TERM ADJUSTMENT" filed March 20, 2009. Applicants agree with the initial determination of patent term adjustment under 35 U.S.C. 154(b) of zero (0) days. Pursuant to their duty of good faith and candor, applicants disclose that the entry of a period of adjustment for Office delay should be 25 days, not 118 days.

The request for review of patent term adjustment is **GRANTED to** the extent indicated herein.

The Office has updated the PALM screen to reflect that the Patent Term Adjustment (PTA) determination at the time of the mailing of the Notice of Allowance is zero (0) days, including 371 days of applicant delay and 30 days of Office delay. A copy of the updated PALM screen, showing this determination, is enclosed.

On February 9, 2009, the Office mailed the Determination of Patent Term Adjustment under 35 U.S.C. 154(b) in the above-identified application. The Notice stated that the patent term adjustment (PTA) to date is 0 days. On March 20, 2009, applicants timely submitted the instant comment.

The record supports a conclusion that the present application is not subject to a terminal disclaimer.

Applicants are correct that the period of adjustment of 118 days for Office delay is incorrect. Pursuant to 37 C.F.R. \S 1.702(a),

Subject to the provisions of 35 U.S.C. 154(b) and this subpart, the term of an original patent shall be adjusted if the issuance of the patent was delayed due to the failure of the Office to:

... (2) Respond to a reply under 35 U.S.C. 132 or to an appeal taken under 35 U.S.C. 134 not later than four months after the date on which the reply was filed or the appeal was taken;

On November 28, 2007, the Office mailed the Letter Regarding Deferral/Suspension of action under 37 CFR 1.103 in response to, and within four months of, applicants' filing of a reply including a request for continued examination (RCE), amendment after final and request for suspension on October 31, 2007. Thus, there was no examination delay within the meaning of $\S 1.702(a)(2)$. Accordingly, the period of adjustment of 118 days for Office delay in responding to the reply filed October 31, 2007 has been corrected to 0 days.

However, applicants are incorrect in their assertion of entitlement to 25 additional days for Office delay in not taking action within four months of the end of the suspension on January 31, 2008. As discussed above, and acknowledged by applicants, whether the Office failed to take action within the meaning of 1.702(a)(2) by delaying in responding to the reply under 35 U.S.C. 132 filed October 31, 2007 is properly calculated based on the Office action, namely the Letter Regarding Suspension, mailed November 28, 2007. 37 CFR 1.702(a)(2) does not provide for entering a further Office delay for taking action in response to the reply under 35 U.S.C. 132 filed October 31, 2007 after the end of the applicant requested suspension. Applicants do not cite any rule or statute that provides for entry of an additional 25 days based on failure to take action after the end of an applicant requested suspension.

In view thereof, the determination of patent term adjustment at the time of the mailing of the Notice of Allowance remains zero (0) days. As this letter was submitted as an advisement to the Office of an error in Applicants' favor, the Office will not assess the \$200.00 fee under 37 CFR 1.18(e). The Office thanks applicants for their good faith and candor in bringing this to the attention of the Office.

Applicants are reminded that any delays by the Office pursuant to 37 CFR 1.702(a)(4) and 1.702(b) and any applicant delays under 37 CFR 1.704(c)(10) will be calculated at the time of the issuance of the patent and applicants will be notified of the revised patent term adjustment to be indicated on the patent in the Issue Notification letter that is mailed to applicants approximately three weeks prior to issuance.

The Office of Data Management has been advised of this decision. This matter is being referred to the Office of Data Management for issuance of the patent.

Telephone inquiries specific to this matter should be directed to the undersigned at (571) 272-3219.
